#### [COMMUNICATED The Mad Stone.

Is there any virtue in a mad stone? About ten years ago an old gentleman offered me a stone, which he said was a genuine mad stone. He knew its virtues-it had been often used. He wished me to sell it for him. I tried to sell it but could find no purchaser. I then consulted a doctor. He laughed at me. I then ex amined a book on the medical treatment of hydrophobia, but found nothing about the mad stone. And still I have read in news, apers, since this, my trial, of a person bitten by a dog and carried to some lady who has a stone, and stone which I have is worth anything it should be known. I therefore make this public notice, that if there shall be a case in which it might be used, it may be tried. I state that I paid the old gentleman a small sum of money for it. FIELDS COOK.

SENATE. In the Senate, to day, a communication from the Secretary of War in reference to the improvement of the harbor of Norfolk was re-

ferred on motion of Mr. Johnston. Several petitions and memorials were presented and reports submitted.

A resolution declaring it unwise and inexpeldient to reduce the tax on tobacco at the present session of Congress was introduced by Mr. McPherson, but went over under an objection by Mr. Withers.

A bill to extend the jurisdiction of the Circuit Court of the Southern District of Florida was

A till to provide for the payment of the fishery award claims was reported from the Foreign Affairs Committee.

A bill providing for the erection of a fire proof building for the Bureau of Printing and Engraving gave Mr. Back an opportunity to make a speech in favor of his resolution to forbid the further redemption of the public

A petition for an increase of the army by raising one hundred regiments of 1,000 each was referred.

The bill to prohibit the retirement of legal tender notes was then taken up, and Mr. Bayard, of Delaware, addressed the Senate in opposition to the bill.

HOUSE OF REPRESENTATIVES. In the House of Representatives the Senate bill for the construction of a railroad from Bismarck to the Black Hills was taken up, but pending its reading objection was made and the bill was not considered.

A bill to settle the account of Assistant Paymaster E. A. Winship was referred. A bill to pay the cleak room employees was passed.

The bill to provide for the free entry of arti-

cles imported for exhibition was taken up and the Senate amendment agreed to. A bill fixing the time for holding the election in California for members of the Forty-sixth Congress-permitting the election to take place in September instead of November, was passed. The House then resumed the consideration

of the Army Appropriation bill. As the House voted yesterday to reduce the army to 20,000 men, most of the amendments added while in committee of the whole were rejected without much opposition.

The yeas and pays were demanded on the amendment to transfer the Indian Bureau from the laterior to the Wer Department, and the House by a vote of 130 to 115 agreed to the The ayes and noes were taken on Mr. Knott's

amendment prohibiting the use of U. S. soldiers as a posse comitatus, resulting 130 ayes, 117 noes, so the amendment was agreed to. Mr. Hawitt then demanded the previous question on the bill; the motion was seconded, and the bill passed. Mr. Blackburn asked unanimous consent to

tak: the House bill providing for a permanent form of government for the District of Columbia from the table, and that a committee of conference on the disagreeing vote of the two Houses be appointed. But there was objection and the request was withdrawn.

The report of a conference committee on the bill relating to the sale and preservation of timber on the public lands was agreed to. Committees were then called and a number of bills reported.

NOTES.

The proceedings of the House to-day were very dull, the monotony only being broken once when the following retort from a witty member occasioned great laughter:
Mr. Cox, of New York, asked unanimous con-

sent to go back a few sections on the Army bill for the purpose of getting a vote on an argendment offered by him, as he was supplying bonquets to the members at the time it was re-Mr. Patterson, of New York, objected. Mr. Cox retorted "Then the gentlemen (Mr.

Patterson, who is nearly eighty years old,) need not bother me for any more bouquets."

There was no meeting of the Potter Investigation Committee. The regular meeting will be held to-morrow, when the sub-committees will be appointed and the plans consummated for the

speedy progress of the investigation.

The President sent to the Senate to-day the nomination of J. Francisco Medina to be U. S. Consul at Huatema'a; also of a few postmasters in Massachusetts and New York In the Senate to-day a resolution declaring it unwise to reduce the tax on tobacco, was introduced but no action taken.

The Recent Tornado. CINCINNATI, O., May 28.-A special dispatch to the Commercial from Madison, Wis., says: "A large number of citizens are visiting the scene of the recent tornade. The roads are literally jammed with teams from all parts of the country viewing the devastations of the storm. None of the accounts have been exaggerated nor hardly half been told of its destruc tiveness. The Eistern towns did not suffer as much as Prim ose, Bou well and Perry .-Thirty lives were lost in this county alone and nearly a hundred persons were seriously injured while the destruction of property will reach into the millions. From the first appear ance of the cyclone at Mineral Point through its whole course across the State the destruction was great. It is estimated that 50 people have been killed and from two hundred to two hundred and fifty injured seriously, while scores are left homeless, many of them not knowing where their next meal is coming from. The accounts of survivors are harrowing in the extreme and the woe and desolation everywhere visible are extremely painful."

ment. FALL RIVER, MASS., M. 9 28.—By the stoppage of the froy, Stafford, Flint, Chace, Robe son. Weelamor, the two Tecumseh and the two Wampavoy mills, besides the Borden City, Sagamore and Union Cherean, nearly 12,000 out of 30 000 100ms remain idle this week. It is stated that other mills will shut down next week. Some are running on contracts and can not stop at present. Many here think the mills ought to have stopped long ago, and that if the movement should extend now through the whole of New Eugland, as trade could be started in the fall, its impetuous would keep business moving. By the stoppage of these mills some 4,000 operatives are thrown out of employment.

#### Savings Bank Failure.

DALLAS, Texas, May 28.—The State Savings Bank of this city has mide an assignment. Charles Fred Tucker, attorney at law, and Wm. H. Gaston are the assignces.

When the bank closed Saturday even ing it had only about \$40 in cash on hand .-The amount due depositors is about \$19,000, ranging from twenty-five cants to \$1,200 The total of the bank's assets is \$41,000; total liabilities, \$51,600 Deposits offered Saturday, amounting to about \$1,000, were not entered on the credit account and were returned to day. There is a light run on the other four local banks, but no trouble is anticipated.
